

## Antivenin Latrodectus Mactans

Revised: December 3, 2018.

### Drug Levels and Effects

#### Summary of Use during Lactation

No information is available on the clinical use of antivenin latrodectus mactans during breastfeeding. Because it is a large protein molecule, the amount in milk is likely to be very low and absorption is unlikely because it is probably destroyed in the infant's gastrointestinal tract.

#### Drug Levels

*Maternal Levels.* Relevant published information was not found as of the revision date.

*Infant Levels.* Relevant published information was not found as of the revision date.

#### Effects in Breastfed Infants

Relevant published information was not found as of the revision date.

#### Effects on Lactation and Breastmilk
