

## Gadofosveset

Revised: February 28, 2019.

CASRN: 193901-90-5

## Drug Levels and Effects

### Summary of Use during Lactation

There is no published experience with gadofosveset during breastfeeding. Guidelines developed by several North American professional organizations state that breastfeeding need not be disrupted after a nursing mother receives a gadolinium-containing contrast medium.[1][2][3] However, because there is no published experience with gadofosveset during breastfeeding, other agents may be preferred, especially while nursing a newborn or preterm infant.

### Drug Levels

*Maternal Levels.* Relevant published information was not found as of the revision date.

*Infant Levels.* Relevant published information was not found as of the revision date.
