

Tedizolid

Revised: February 7, 2019.

CASRN: 856866-72-3

Drug Levels and Effects

Summary of Use during Lactation

Because there is no published experience with tedizolid during breastfeeding, an alternate drug may be preferred, especially while nursing a newborn or preterm infant.

Drug Levels

Maternal Levels. Relevant published information was not found as of the revision date.

Infant Levels. Relevant published information was not found as of the revision date.

Effects in Breastfed Infants

Relevant published information was not found as of the revision date.
