

## Tavaborole

Revised: December 3, 2018.

CASRN: 174671-46-6

## Drug Levels and Effects

### Summary of Use during Lactation

Topical tavaborole has not been studied during breastfeeding. Because blood levels are very low after topical application to the toenails, it is unlikely that a measurable amount of the drug will enter the breastmilk.

### Drug Levels

*Maternal Levels.* Relevant published information was not found as of the revision date.

*Infant Levels.* Relevant published information was not found as of the revision date.

### Effects in Breastfed Infants

Relevant published information was not found as of the revision date.

## Effects on Lactation and Breastmilk

Relevant published information was not found as of the revision date.

## Alternate Drugs to Consider
