

Besifloxacin

Revised: December 3, 2018.

CASRN: 141388-76-3

Drug Levels and Effects

Summary of Use during Lactation

Maternal use of besifloxacin eye drops presents negligible risk for the nursing infant. To substantially diminish the amount of drug that reaches the breastmilk after using eye drops, place pressure over the tear duct by the corner of the eye for 1 minute or more, then remove the excess solution with an absorbent tissue.
