

Cefixime

Revised: October 31, 2018.

CASRN: 79350-37-1

Drug Levels and Effects

Summary of Use during Lactation

Although no information is available on the use of cefixime during breastfeeding, cephalosporins are generally not be expected to cause adverse effects in breastfed infants. Occasionally disruption of the infant's gastrointestinal flora, resulting in diarrhea or thrush have been reported with cephalosporins, but these effects have not been adequately evaluated. Cefixime is acceptable in nursing mothers.
