Dear <<Title>> <<Surname>>

The PROSPECT STUDY: PROlapse Surgery: Pragmatic Evaluation and randomised Controlled Trials

Thank you very much for taking part in the Prospect Study to date.

We sent you a 6 month review questionnaire a few weeks ago. We are keen to find out how you have been getting on during the last six months since your prolapse surgery. Unfortunately we have not yet received your answers.

We appreciate how busy you must be, but your answers to the questionnaire are very important to us. If you cannot answer all the questions don't worry. Please send it to us when you have answered as much as you can, using the envelope provided (no stamp required).

If you have any worries or problems in completing the questionnaire, a friend or relative may be able to help you. If still in doubt, do please contact the Prospect Study on [REDACTED]. Please note that ALL the information you give will be treated with the strictest confidence. If your reply is already in the post, I would like to thank you for your help and apologise for this reminder.

We would like to thank you very much for taking part in the Prospect Study and in completing the questionnaire as your views and information about your recovery are very important to improving the management of women having prolapse surgery in the future.

With our very best wishes and thanks for your kind help,

Yours sincerely
